

WEA-PAC 2010 Legislative Candidate Questionnaire

Washington Education Association members advocate for our students and the education profession. We have three legislative priorities:

- Education funding, including educator compensation
- Commonsense education reform and accountability
- Protecting workers' rights to organize and bargain collectively

Please indicate whether you support or oppose the following WEA positions, and explain why.

Education Funding, including educator compensation

Washington Education Association members believe the State of Washington must fulfill its paramount duty to amply fund our public schools.

The 2009 Legislature passed SHB 2363, which suspended the annual cost-of-living adjustments (COLAs) for education employees for two years. The COLAs were mandated by voter-approved Initiative 732. SHB 2363 requires the Legislature to reinstate educators' annual COLA in the 2011-12 school year AND incrementally restore the COLA percentage educators lost during the two-year suspension. After four years, educator salaries will be what they would have been without the suspension.

WEA supports current law (SHB 2363), which reinstates the annual COLA for educators in the 2011-12 school year and incrementally restores the lost COLA percentage over four years.

Do you support or oppose WEA's position? Support Oppose

Please explain your position:

This is common sense

WEA supports a minimum starting salary of \$45,000 for teachers and other certificated education employees. We also believe education support professionals deserve at least a living wage as starting pay, and we support salary increases that exceed the cost of living for higher education faculty and staff.

Do you support or oppose WEA's position? Support Oppose

Please explain your position:

This is a lofty goal. I haven't seen the current salary schedule for awhile but this would bump the entire schedule up substantially. It may take awhile to attain this goal.

The 2009 Legislature passed ESHB 2261, which sets out to "enhance the current salary allocation model" through deliberation and input from "teachers, administrators and classified employees. WEA members oppose tying teacher pay, in whole or in part, to student achievement or test scores.

Do you support or oppose WEA's position? Support Oppose

Please explain your position:

Hell yes

WEA believes any alternative compensation system must be subject to local collective bargaining, fully funded, available to all and based on objective criteria.

Do you support or oppose WEA's position? Support Oppose

Please explain your position: I am not sure an alternative compensation system can be objective but if you are willing to look at it I am too.

WEA opposes differentiated pay based on the subject taught.

Do you support or oppose WEA's position? Support Oppose

Please explain your position: Does this include incentives to get teachers in math and science? I think we have done that recently.

WEA supports the current practice of providing salary bonuses and other support for teachers who achieve certification by the National Board for Professional Teaching Standards.

Do you support or oppose WEA's position? Support Oppose

Please explain your position: Hell yes

Washington educators currently are required to work until they reach age 65 to qualify for their normal retirement pension, regardless of the number of years they serve. Some educators must work more than 40 years before earning their normal pension. WEA supports legislation that allows educators to retire with their full normal pension based on the number of years they work rather than requiring them to reach an arbitrary age of eligibility.

Do you support or oppose WEA's position? Support Oppose

Please explain your position: If only people wouldn't live so long...

The 2009 Legislature passed ESHB 2261, which changes the definition of basic education and makes other changes to the K-12 school system. WEA members called ESHB 2261 a "false promise" because it ignored the current underfunding of basic education and did not include new funding. WEA members believe the state Legislature should keep its promise and fully fund the programs called for by this bill, which is estimated to cost an additional \$3 billion annually.

Do you support or oppose WEA's position? Support Oppose

Please explain your position: Uffda

The 2010 Legislature passed SHB 2776, which promises to reduce the average K-3 class size to no more than 17 students per teacher by the 2017-18 school year. Washington currently has some of the nation's largest average class sizes, and the Legislature recently eliminated Initiative 728 class-size-reduction funding. WEA believes the Legislature must restore funding for Initiative 728 and provide the additional state funding to reduce class sizes as promised by SHB 2776.

Do you support or oppose WEA's position? Support Oppose

Please explain your position: I support 728 money, which does not force a school to reduce every class, as 2776 does. I do not like putting requirements on the money.

Commonsense Education Reform and Accountability

In the 2010 legislative session, WEA helped draft and pass SB 6696, a research-based approach to improving student achievement. This legislation was forged between the Governor, the Legislature and education stakeholders, and it represents a major step forward in reforming teacher evaluation, assistance to struggling schools and teacher certification. SB 6696 establishes statewide criteria for teacher evaluations and allows local school districts and education associations to develop their own local evaluation systems. The legislation was tailored to the needs and conditions of Washington State and will allow our state to compete for federal Race to the Top funding.

WEA supports SB 6696 as passed by the Legislature in 2010 and opposes further changes to the law.

Do you support or oppose WEA's position? Support Oppose

Please explain your position: *But we can always make the law better. I will always be open to further changes.*

WEA opposes linking teacher evaluations to student test scores.

Do you support or oppose WEA's position? Support Oppose

Please explain your position: *Hell Yes*

ESHB 2261 established the Quality Education Council (QEC) and individual workgroups on issues such as educator compensation. WEA believes the QEC and related workgroups should solicit the professional input and judgment of public education employees. Any final recommendations should be based on sound research and the expertise of Washington educators.

Do you support or oppose WEA's position? Support Oppose

Please explain your position:

WEA opposes linking the High School Proficiency Exam (HSPE) to student graduation. (Passing the HSPE is currently a graduation requirement.)

Do you support or oppose WEA's position? Support Oppose

Please explain your position: *Hell Yes*

Protecting Workers' Rights

WEA strongly supports the right of public education employees to organize, bargain collectively and engage in the political and legislative processes. WEA believes commonsense education reform can be developed effectively and collaboratively at the local level through the collective bargaining process. WEA supports legal protections against discrimination or intimidation for workers who exercise their right to organize.

WEA supports workers' rights to due process.

Do you support or oppose WEA's position? Support Oppose

Please explain your position: *Very supportive*

WEA supports the right of public school employees to engage in the political process, both individually and collectively.

Do you support or oppose WEA's position? Support Oppose

Please explain your position:

WEA supports giving community and technical college faculty the right to bargain salaries at the local level, a right enjoyed by all other education union members in the state.

Do you support or oppose WEA's position? Support Oppose

Please explain your position: *Very supportive*

Education Experience

Who was the most influential teacher you had in school and why?

I went to Meridian Schools where all teachers were great and influential.

Campaign Plans

Please describe your campaign plan for fundraising and doorbelling.

Please list endorsements by noteworthy elected officials.

Tell us about your plan for getting your message out to voters.

Fundraise lots
Doorbell dependant
on opponent.

No endorsements
yet - happy to be
the first!!

Message will also be
dependant on opponent
but we typically use
radio, TV, newspaper (both pd & unpd.)
doorbell, phonebank, and events.
